Conference Announcement

Usha Saha, MD Anesthesiology¹

¹Former HOD and Director, Professor, Department of Anesthesiology, Pain and Palliative Care, LHMC, SSK and KSC Hospitals, New Delhi, Delhi, India.

Dear Colleagues,

The organizing committee is thrilled to announce the upcoming 3rd annual Neonatal Anesthesia Society Conference (NASCON) 2024, which is sure to be both informative and engaging keeping in line with its motto “Be Aware, Be Safe,” on July 27th and 28th, 2024, at the Indian Society of International Law, 9 Bhawan Das Road, Delhi. It will bring together leaders in the field of neonatal anesthesia, to discuss anesthetic challenges and advances in gastrointestinal, hepatobiliary, and renal surgical conditions.

Themes of previous conferences were “The Airway” and “Cardiovascular and Pulmonary systems”. At NASCON 2023, nearly 175 delegates attended the conference from all over the world, and about 150 delegates attended the workshops, which were conducted at seven centers in the country.

This is a one-and-a-half-day-long academic feast where participants will have access to a diverse range of sessions and activities including a vendor expo where you will be able to explore the latest products and services related to anesthesia and neonates.

The NASCON 2024, being the only one of its kind, will be an excellent opportunity to expand your knowledge, connect with peers and others in the fraternity, and gain valuable insight. Join us as our esteemed faculty share their expertise, experiences, and provide invaluable insights, to ensure optimal care for our tiniest patients.

Since this is the first physical conference of NAS, organizers are working to make this a memorable academic event wishing to benefit all anesthesia postgraduates, residents, faculty, and practitioners who are passionate about neonatal anesthesia.

Delegates can avail the opportunity to register for the workshops on airway management and perioperative neonatal resuscitation. Details are given below.

Life memberships, and registration for the conference and workshops are now open, and we encourage you to take advantage of early bird rates. Links are provided below. We look forward to seeing you there!

Thank you.

Long live NAS!!

Theme – Gastrointestinal, Hepatobiliary, and Renal Surgeries – Anesthetic Challenges

Venue – The Society of International Law, 9, Bhagwan Dass Road, Opp Supreme Court, New Delhi – 11001, Delhi, India
